

# Vermont Town Forest Recreation Planning

## Existing Trail Review and Redesign

Key Attribute #:

1.a

2.a

2.c.1

Need #:

1

5

Estimated Cost:

\$\$\$

Timing:

Ongoing

The Town, working with the Upper Valley Trails Alliance, completed a review and assessment of the existing trails to evaluate for potential ecological harm and mitigate the site through necessary means.

Based on the results of the existing trail conditions assessment and review, the Town will continue to assess the need to reroute, redesign, or replace trails to enhance experiences for all user groups, improve drainage, and limit erosion.

### Responsibility:

Town Forest  
Steering Committee/  
Conservation  
Commission

### Partners Involved:

UVTA, UVMBA,  
local builder/users

### Planning Required:

Trail reroute &  
redesign

### Funding

### Opportunities:

RTP, RTC, VHCP,  
ERG
